City salutes family of life-savers

When Altona paid tribute to its life-saving stalwarts, the Edwards brothers, at last week's council meeting, only one brother, Roy, was present to receive his certificate of merit from the city.

His brother, Harry, for whom the presentation was to be a surprise, was in Williamstown hospital so his daughter, Margaret, received the award on his behalf.

Roy and Harry, who live two houses apart in Romawi Street, recently received citation badges from the Grand Council of the Royal Life Saving Society in London.

Between them, they have given 43 years' service to life saving — Harry 22, and Roy 21.

At the council meeting last week, Deputy Mayor, Cr. Ray Richards, congratulated the brothers on the awards and called on Cr. Pat Burns to present certificates to merit from the city.

Cr. Burns said both brothers had given long service to the Altona Life Saving Club, which did so much for everyone who came to Altona beach during the summer months.

"It is fitting that the City of Altona should recognise this service," he said.

Surprise

Invited to respond to the presentation, Mr. Roy Edwards said it was a wonderful surprise and he knew his brother Harry would be delighted to hear of the presentation by council.

"Harry has given the Altona Life Saving Club long and valuable service for the past 22 years. He was president for the first 10 years and is still a trustee for the club in which he has been a driving force," said Mr. Edwards.

Mr. Edwards said his

family had always been associated with the Altona club. His sister Dorothy was a member in the mid-20s and he himself had been a member in the late 30s before rejoining when the club was reformed in 1951.

His brothers, Bob and Verden had also been active members.

School gets with it

Girls at Altona high school can now choose between wearing green corduroy slacks and the conventional tunic as their winter uniform.

The picture above shows both styles worn by students (from left to right) Theresa Klampfl, 15, Bianca Matic, 17, Joyce Hewitt, 16, Lee Veitch, 15 and Angeline Sarros, 16.

POLICE CENTRE IS CLOSER: ROSSITER

The proposed Altona North district police headquarters would proceed at the earliest possible opportunity, the Chief Secretary, Mr. Rossiter, said yesterday.

Mr. Rossiter was addressing a western suburbs deputation which included deputy-mayor, Cr. Ray Richards, and town clerk, Mr. Syd Fell.

Mr. Rossiter said he was concerned at the lack of stations which operated on a 24-hour basis in the western suburbs.

He said he would review the Police

Deputation gets top-level pledge

Department's decision to annex the Williamstown police station to the South Melbourne district.

"There was no analogy between the Government decision to leave railway stations unmanned and the Government policy on police stations," he said.

"The welfare of the people in general was too important."

Mr. Rossiter assured the deputation that finance for police training at the Corpus Christi College would not affect the financial requirements for manned police stations.

"It was the policy of the Government to give first priority to the protection of the life and limb of the individual and freedom of the citizen in individual movements," he said.

Mr. Rossiter said he and members of the Government, were concerned at the high crime rate which existed in the community.

This factor, coupled with the increasing police requirements of the western suburbs, would establish a high priority for the building of the Altona North police headquarters.

In his submission to the Chief Secretary, Altona deputy-mayor, Cr. Ray Richards, said council bought land for the building in 1966.

The land had since been transferred to the Police Department and council was concerned at the delay in building progress.

Cr. Richards emphasised that there were great fears in the community resulting from recent bashings and violence.

Whilst he did not believe the western sub-

urbs had a higher crime rate than other suburbs, crime in the west was of a more vicious nature than in other areas, he said.

Richards new deputy mayor

Altona councillor Ray Richards has taken over from Cr. Charlie Carlsson as the Deputy Mayor of Altona.

Cr. Carlsson has resigned from the post to devote more time to his

business. He will continue as a councillor.

On his first night as Deputy Mayor, Cr. Richards chaired last week's meeting of council in the absence of the mayor, Cr. Harry Weaver.

You can't keep a good man down

Fighting a bout of pneumonia hasn't stopped Cr. Les Crofts in his bid to improve amenities for the youth of Altona.

Altona Council will make arrangements to visit youth centres in the municipalities of Moorabbin, Frankston and Springvale following a suggestion by Cr. Crofts which was forwarded to council for consideration last week, when he was sick at home.

In a statement which was read out by Deputy Mayor Cr. Ray Richards, Cr. Crofts said he believed it was a good time to look at youth centres in other areas.

He said he favored the idea of gathering all facilities for youth under

the one roof, with a full time youth officer on the job.

"I think there's a lot of merit in this idea," said Cr. Richards. "And I'll move on Cr. Crofts' behalf that we contact these cities and arrange for a tour of inspection."

'WOMAN' HIKER PULLS KNIFE ON CAR DRIVER

A man dressed in women's clothing pulled a knife on a driver who gave him a lift, then robbed and indecently assaulted him, police have been told.

The incident began when the driver picked up what he thought was a woman hitch-hiker in Smithfield Road, Footscray, about 12.30 a.m. last Wednesday.

It ended in a lane off

Altona man on three charges

Roberts Street, Kingsville, after the man was forced at knife-point by the hitch-hiker to drive there. A 23-year-old Altona laborer has been charged with armed robbery and sex offences.

Police have been told the hitch-hiker pulled the knife on the driver almost immediately he got into the car.

He threatened the driver into driving to a lane off Roberts Street, Kingsville and ordered him to stop the car.

He stole the driver's watch, a pair of trousers, a pair of shoes, a signet ring and \$3.80 in cash.

Police have been told he then forced the driver to lie down in the car while he committed sexual acts against him.

Footscray C.I.B. detectives are investigating.

Joline Black, 23, and Tony Christakakis, 13, are basking in the limelight with their trophies. They both come from Altona North High School.

Altona North High wins drama prize

Altona North High School is rich in acting talent.

The school was awarded two trophies in the Altona Drama Festival held from June 25-27.

The trophies were won by Tony Christakakis, 13, (best actor) and Miss Joline Black, 23, a music and drama teacher at the school, who was the best producer.

The best actress trophy from all the schools was won by Rosemary Martin, 16, from Mount St. Joseph College.

Trophies were presented by Cr. C. Carlsson, Cr. D. Grant and presidents of the Altona Drama Group, Mrs. S. Kean and Mr. L. Briggs.

The festival was adjudicated by producer, Graeme Murphy, from the Williamstown Little Theatre.

Maribyrnong High School, Werribee High School, Mt. St. Joseph College and Altona North High School participated. All performances were of a very high standard.

Barbara Olejniczak was judged best actress of the Altona North High School production, *The Kingdom of the Future*, by Maurice Maeterlinck.

Rosemary Martin, who played Thomas Cromwell in Mount St. Joseph College's pro-

duction of *A Man for all Seasons* with judged best actress.

Santine Bertone played a little girl in Werribee High School's production *Magic in a Mirror* and Tony Chris-

takakis portrayed Arthur in Thornton Wilder's *The Happy Journey to Tontoon and Camden* from Altona North High School. They were judged best actress and best actor respectively.

Above, Rosemary Martin had a doubly hard role in Mount St. Joseph College's production of *A Man for All Seasons*. She was to out-act her competitors and play the part of a man.

NEXT PRODUCTION

Altona Drama Group is planning a three act play for its next production. Auditions start on July 3 and 10 at 7.30 p.m. in St. Mary's Hall, Sargood Street, Altona West. Producer will be Brian Gunst.

New members are welcome to read, act, paint, work with lights, meet people. For further details contact Mrs. Freebody, phone 398 1594.

The annual general meeting of the Altona Drama Group will be held on July 9, at the Homestead, Queen Street, Altona, opposite the library. New members are also welcome.

Hello Girls,

Anything, just any little thing you want for your hair, will be on our Newey stand. Hair slides, clasps, fancy "or" plaits, hair brushes, combs, nets, pony tail holders, rollers, hair bands. These are just some of the range on our Newey hair stand — and they're cheaper!

Are you a nervous nail biter?

Want to break the habit? At those times when willpower gives way — what happens? Get help from Stop 'n' Grow. Paint Stop 'n' Grow on your nails and watch them grow.

If you had stronger nails they would catch, wouldn't tear; and you wouldn't attempt to bite them down. Here is where Stop 'n' Grow can assist you again. Use Stop 'n' Grow Nourishing Cream on your fingers, just below your nails, conditioning the unborn nail and making it stronger.

For the nails you already have, strengthen them with Stop 'n' Grow Nail Hardener. Paint this on just like nail polish. It will soak into the layers of nail bonding them together and conditioning them.

At the moment we have several treatment kits of these three Stop 'n' Grow products — and you save buying them together. Healthy nails grow faster, look better and are too strong to bite.

Avocado's may be out of your budget range for the table — but not when it comes to the range of Avocado goods selected for you from Coty.

You can choose your cleanser, moisturiser, freshener, conditioner — and a marvellous hand and nail care product — all with the beautiful aroma of Avocado, as well as the goodness of the inner avocado oils.

Come, collect your tax cards Girls. We'll stamp them for you. It is amazing how much you spend on medicinal products. Get a card and have us write them down ready for the end of the next financial year.

If you wish you can file your card here with us, getting out each time you shop, and have your items marked down.

Foreshore facelift

At the request of Cr. Pat Burns, the acting City Engineer, Mr. Algie Jokubauskas, will arrange to paint some of the Altona foreshore wooden tree guards that are deteriorating in appearance.

"A coat of oil every six months will keep them longer," said Cr. Burns after Mr. Jokubauskas suggested that this might not be the best time to do the job just yet because of moisture in the air.

MANY LIGHTS IN STREETS ARE FAULTY

Cr. Bill Sommers said last week that on his way to the Altona Council meeting he counted 17 lights in Millers Road that did not work properly.

Cr. Sommers holds the portfolio for transport and communications.

"Two of the lights were not working at all," he said.

"And there are also faulty lights in Blackshaws Road.

"A few phone booths in the municipality still had no lights, leaving them wide open for night-time vandalism," said Cr. Sommers.

He successfully moved that the acting City Engineer, Mr. Algie Jokubauskas, check on faulty lights and get in touch with the State Electricity Commission.

Altona 'needs arts centre'

Altona had a definite need for an arts centre, Cr. Pat Burns told a recent meeting of Altona Council.

Cr. Burns, who holds the council portfolio for cultural activities, said that local groups did not have enough room for their activities.

"With the drama group and the recently formed Altona City Youth Theatre, the chess club, historical and film societies and other clubs, Altona had enough groups for such a centre," he said.

"Lack of adequate space for all these groups is causing me a lot of trouble," said Cr. Burns.

CAPERS in the KITCHEN

By Seaton Beeton

The shortest day is past — just. But still the night draws her icy shades all too fast. With resignation, we accept the swing of the seasons. If winter comes, can spring be far behind? We compromise.

We compromise with SOUP. Beautiful soup. The king of winter soups. Minestrone. Thick soup with rice and vegetables.

Let's get together for a steaming bowl made in the Milan manner.

Hear about the bits and pieces in the big pan now simmering (bubble . . . b . u . b . b . l . e) on the stove.

A cupful of red beans (dried); an onion, chopped; a potato, diced; a carrot, chopped; a couple of sticks of celery, likewise; a clove of garlic, finely chopped; a little fresh sage, well chopped (or a sprinkle from a herb bottle); about 3 oz. of tomato paste; a half a cupful of rice; a little spaghetti, broken up; about a quarter of a pound of smoked pork, cut into small cubes. Salt and pepper to taste. Freshly-ground black pepper-corns, preferably.

The beans, first. We soak them in water overnight and cook them gently until tender.

The pork. We got one of those smoked hocks and had Len put the

bandsaw through it, simmered until tender, stripped off the meat and chopped it.

Then into a big pan three, or more pints of water, two or three beef or chicken cubes — and all that chopped stuff.

We simmer this exciting combination until the vegetables, pasta and rice have absorbed the stock.

We find a bit of cabbage in the fridge. Good. We chop this, too, and cook it in the soup until it is just tender (but not a heap of rags: the things people do to cabbage!).

Now into the bowls. And a generous sprinkling of grated cheese. Best, the dry, biting type of cheese that the region of Parma (Italy) makes so well. A hard-backed roll or some crusty bread. Butter, if we must. And a glass of dry red wine (vino rosso) to drink to Seaton while we're eatin'.

You would have preferred pheasant? Don't forget the words of the great Latin poet, Horace: "The hungry stomach rarely despises common food."

And, of course: minestrone without the cheese is like a kiss without the squeeze (Anon.).

250,000 for luck

Here's a bit of history at the Railway Museum, Champion Road, North Williamstown — the arrival of the 250,000th visitor.

Mr. and Mrs. Charles Hyland, of North Road, Newport, decided on Sunday, June 17, to take their grandchildren, Samantha Johnston, 7, and Barkley, 5, to see the iron horses.

They ran into VIP treatment and a shower of gifts.

Mr. W. C. Rapley, president of the Australian Railway Historical Society (Vic. Division), left, gave Mrs. Hyland an inscribed silver tray. Mr. Hyland, an encyclopedia of trains and the children two real engine-drivers' caps.

ANTIQUES CORNER

By J. FERRIS

COLLECTING antiques, bric-a-brac and curios can be a rewarding pastime to those who are prepared to put a little effort and time into it.

People collect for many reasons, but the foremost would be the sheer beauty of objects from an era which attracts them. It is true, that some of the beauty and finesse which craftsmen of yesteryears put into their trade is often missing in today's mass-produced consumer items.

The beauty of these goods make them highly prized today.

Other people will collect an item or a series of items from a particular time simply because they have a historical interest in that time. One I know has a wonderful collection of Victorian jewelled frames — his initial interest began from a school lesson he once had on Queen Victoria.

Handed down

Things that are handed down from generation to generation are usually collected and put in a crystal cabinet purely out of their sentimental value.

It amazes me each time I visit a friend's home the 'treasures' I often find lying hidden behind the TV programme on the lounge room mantle-piece, or some other dusty forgotten corner.

These "treasures" unknown to their owners are worth a good deal to a collector.

I always advise people to take anything they feel is of some value to a reputable antique dealer for an appraisal.

I collect myself, because to me it's very exciting. Just the thrill of finding an item of some worth lying in a junk shop or antique shop is enough.

It's amazing the things one can discover at a junk shop or a church jumble sale. But you must have a keen eye and also know your subject.

Financially too, collecting can be very rewarding and if current overseas an-

tique prices are any indication of future Australian prices, then antique prices in Australia in the next five to 10 years will really soar.

I am told by a very reputable dealer friend that substantial investment in a painting, picture print, or silver work of some merit is worth considering.

Better than money in the bank, he said. And I am sure there are many people who are doing just that.

People have differing tastes — what I see as beautiful, you may not. The golden rule for collecting is to collect those things which appeal to you.

Golden rule

It's a bit hard to live with a valuable thing bought solely as a financial investment, if every time you look at it, you want to smash it — or even worse if your wife wants to smash it.

There are other rules, too, for instance, always buy undamaged items, always bargain with your antique shop dealer, always buy only the best, etc. But the golden rule is still to buy what you see as beautiful.

Living in Williamstown, we are fortunate in being surrounded by history and the past. I'm sure there must be many things of the past still lying waiting to be found, probably in someone's backyard.

Just think of all those old sailing ships that used to visit Williamstown when it was one of Victoria's leading ports of call. Just think of all the families still in Williamstown, who can trace their history back to those early days.

Next week Mr. Ferris will be writing about Victorian furniture-chairs.

If you would like an item to be appraised, he would be happy to do so. Just send a short description of it to Mr. Ferris, C/- The Williamstown Advertiser, 260 Barkly St., Footscray, or a photograph and he will do his best to find out about its history.

Ray Hannah, who is blind, began to move and said to his guide dog: "Forward, Kerry!" But there was a briefcase in Mr. Hannah's path.

Kerry — you can see her in the picture — quietly steered her master clear of the obstacle.

Looking on as Ray Hannah and Kerry demonstrate the work of a "seeing-eye" dog are members of the Altona Lions Club.

They are (from left), Kas. Jurga, Charley Trickett and club president Ron Tribe.

Mr. Hannah told the Lions:

"The first time I went out with my dog, after using a cane, I felt a sense of freedom."

"However, some blind people take convincing that they should use a dog."

"It takes something for a person to put their trust in going forward with a dog."

Mr. Hannah is a member of the staff at the Lady Nell Seeing-Eye Dog School, Malvern. With the aid of his seeing-eye dog, he travels about Melbourne addressing schools and interested clubs and groups on the work of the Lady Nell centre and the dogs it trains.

Sometimes they are able to travel faster because people will drive Mr. Han-

Praise for beach cleaners

Young Altona people who helped in the recent "Operation Beachclean" were praised by Cr. Bill Sommers at last week's council meeting.

"These people do a marvellous job and don't get the publicity they deserve," he said.

"The willingness in their hearts to do something is a feather in our cap. The Altona beach is a good beach to come to."

"All right, we do get some adverse publicity, but we should be getting more publicity for community efforts like this."

The deputy mayor, Cr. Ray Richards, said he had read about a similar beachclean effort by children on the other side of the city.

"My immediate reaction to that was to think: 'big deal,'" said Cr. Richards.

"This type of thing has been going on in Altona every year, not sporadically."

Chance for girls to be nurses

The Repatriation General Hospital will be the host for the next nurses' Christian Fellowship study day.

The day will be held on Saturday, July 21, and the major topic discussed will be rehabilitation.

The programme will include an address on rehabilitation by one of the senior nurses of the hospital and a visit to the rehabilitation department during a tour of the wards.

The aim of the fellowship's study days is to help girls who are interested in nursing as a career to get a realistic picture of its opportunities and demands.

Girls of 15 years and over who may be interested in attending the

study day should apply to the Nurses' Christian Fellowship, at 431 St. Kilda Road, Melbourne.

J.U.S.T., Altona in vital matches

Undefeated Footscray J.U.S.T. faces its biggest challenge in many weeks when it plays Ringwood Wilhelmina at Schintler Reserve on Saturday.

Although Wilhelmina hasn't been setting the world on fire lately, it nevertheless is one of the league's most talented teams as its third place on the ladder indicates.

Highlight of the match will be the midfield duel between J.U.S.T.'s Frank Micic and Wilhelmina starlet Bobby Smith.

Another interesting battle will be between Branko Buljevic and Wilhelmina right back Mike Pye, who were teammates last week in Victoria's match against Cruzeiro of Brazil.

Much will depend on whether J.U.S.T. centre-back Andy Kazi and striker Soren Fisker have recovered from the injuries they sustained in the match against Polonia.

Kazi suffered a dislocated ankle and Fisker a badly bruised leg.

If these two are fit — especially Kazi — Footscray should be more skilful and more experienced than Wilhelmina, whose youngsters are still a little green for big matches.

Likely teams: J.U.S.T.: Milsavljovic, Rnjak, Kazi, Milinovic, Lopatic, Lukic, Micic, Mrazinkewicz, Zoraja, Fisker, Buljevic.

WILHELMINA: Carmichael, Pye, Ward, McGinn, Carthwaite, Alexander, Smith, de Bruyckere, Muske, Thom, Williamson.

Keilor v. Altona

Old rivals Keilor City and Altona City will be at it again at Churchill Reserve, St Albans, on Saturday.

Altona defeated Mooroolbark five weeks ago but has managed only one win since.

Keilor's record over the same period has not been impressive either although it did well last week to beat Ringwood 3-2 after being a goal down.

Despite the recent return of coach Kaz Klein, Keilor's defence is still shaky, which will suit David Cooper and Bruce Roberts fine.

On the other hand, Keilor has a great attack. Stan Klein scored twice last week, van Leeuwen once and Eddy Kupicz played very well.

They'll have a tough task,

year-old centre-forward Zoro Trajkowski, who was a senior player in the Yugoslav second division. He should reach the firsts within four or five weeks.

West v. Frankston

Western Suburbs continued its great form with a hard-fought 2-1 victory over Ajax last week and should be able to hold the defensive Frankston at Castley Reserve on Saturday.

West's official Emmanuel Parrisis is angry over recent statements made by Altona official Sam Wilson following the West v. Altona match.

Wilson said at the time that spectators punched Altona players and that fans invaded the pitch.

The incident led to Wests being fined by the Tribunal. Parrisis alleges it is not true that spectators invaded the pitch and that the scuffle between player David Cooper and West's supporters was provoked by Cooper.

Parrisis said however, that no matter what the cause, disturbances at soccer had to be prevented.

He said his club would make sure police are present at all major matches in the future and that committeemen would patrol the ground to weed out troublemakers.

Hakoah v. Polonia

Polonia will have one big problem when it faces Hakoah at Middle Park on Saturday.

The problem's name is Mike Micevski, the State striker who engineered Victoria's only goal against Cruzeiro last Sunday and who has netted seven times since switching from Altona to the State League early this season.

Micevski and Mike Clarey will almost certainly be closely marked and if this succeeds, Polonia should have little trouble cracking Hakoah's weak defence.

George Nierobcz, who was recruited two weeks ago, from Keilor City, is likely to have his first full match for Polonia and he should make a big difference if he's used in midfield.

With Juventus likely to lose to the more powerful Melbourne, Austria has a great chance of climbing to 10th place with a victory

over Box Hill at Wembley Park on Saturday.

Former Croatia star Ibro Hadzovic should be fit to play by now so he'll probably line up in attack for Austria. It would be a good move, against a weak team like Box Hill, to move Hans Hinz into attack. He's one of the few Austria players who can score the goals the team so badly needs.

Zabuski dies

Polonia's honorary life president Mr. Zdzislaw Zabuski died suddenly on June 28.

One of the founders of Polonia in 1950, this former Polish sailor ran the club for several years during its pioneer period.

In his large mechanical workshop for the army at Puckapunya, he employed many of Polonia's former stars. Among them were Bolek Zablocki, Julian Chrzanoski, Tad Blazek, Steve Czanderna, Roch Dronia, Kaz Szygalski, Rysiek Szczepanski and tobers.

In recent years, Mr. Zabuski lived at Waller near Seymour. His late wife Doris was Polonia's first and only female vice-president.

Bourne for Australia?

Despite a lion-hearted performance by Brian Peter Bourne, the Victorian State soccer team lost 1-2 to Brazilian champion Cruzeiro at Olympic Park yesterday.

Inconspicuous in club matches this year, Bourne suddenly recaptured all his old brilliance and outshone his skilful Brazilian opponents.

National coach Zvonimir Rasic said from Sydney himself Bourne had given himself a second chance to be selected to Australia's World Cup squad, which was chosen last week.

"I will take a very close look at Bourne when the Victorian team comes to Sydney to play against Australia on July 11," Rasic said.

However, he warned that Bourne would have to maintain his Cruzeiro form to challenge the squad's present linkmen Jim Mackay, John McDonald, Jim Rooney, Ray Baartz and John Warren.

Cruzeiro was only half as good as it was in January 1972, when it beat Victoria 4-1 with a brilliant second-half blitz.

Missing from last year's team were Fontana, Repetto, Rinaldo. Piazza who is touring with the Brazilian national team and Tostao who has transferred to Vasco Da Gama.

Dirceu Lopes, who was dazzling in midfield last year, was a striker last Sunday and did not have the room to show all his remarkable skills. Cruzeiro's tactic was to try to lure out Victorian's centre-

backs by using cheeky short passes at the edge of the penalty area.

The Brazilians had obviously underestimated our players, who refused to be conned with 20,000 people watching.

Wingers Eduardo and Lima were more aggressive but they cut their own throats with too much dribbling.

Victoria started in whirlwind fashion.

In the first minute, goalkeeper Raul flew to tip Jim Armstrong's shot over the bar and then had to come out of the penalty area to stop Armstrong's unchallenged run.

In the 36th minute John Gardiner sent one of his many pinpoint passes through to Bourne who was running into the penalty area.

The timing of the move was a split-second out. Bourne could not get his foot to the ball and could only head it at Raul.

Jose Carlos, who with Dirceu Alves was giving Cruzeiro an effective link, hit the bar seconds before the end of a scoreless first half.

Dirceu Lopes broke through the defence five minutes after half-time and Victoria's left back Marjan Lopatic committed a blatant foul in stopping the Brazilian.

However, referee Jack Reashaw ignored Cruzeiro's plea for a penalty.

Almost in anger, the Brazilians hit the front.

Lima brought the ball down the wing, his pass was deflected off a defender and went to Jose Carlos who scored easily.

Three minutes later, right back Pedro Paulo stormed down the wing and his square pass was slammed home by Dirceu Lopes from 25 metres.

Hakoah whiz-kid Mike Micevski came on as a replacement for Slobodan Zoraja in the 64th minute and made a big difference to Victoria's attack.

Four minutes from the end he slipped a perfect through ball to Branko Buljevic who took aim carefully and scored.

It was a compliment to 19-year-old Micevski that Perfurmo, one of the world's finest defenders, took the trouble to give him a fly whack in the head a few moments later.

Here's how Victoria's western suburbs representatives performed:

Jimmy Milsavljovic: Obviously nervous in his first representative game, he nevertheless did an adequate job and could not be blamed for the two goals.

Branko Buljevic: Relished the opportunity to match his great ball playing skills with the Brazilians and was brilliant in patches. He took his goal like a seasoned professional and was one of our best players.

Marjan Lopatic: Started well with overlapping runs from full back but later was soundly beaten by flashy winger Eduardo. However, Lopatic kept Eduardo busy to the extent that the winger could show little more than his ball skills.

John Gardiner: Had a great first half because he was playing economically, and making every pass count. Probably the most constructive player early and it is a mystery why he was replaced.

Slobodan Zoraja: Never prominent. He relies for his goals mainly on defensive mistakes and the Brazilians didn't make any.

Norm Maitland: Came on for Lopatic in the 77th minute and played confidently.

Scorers: Cruzeiro: Jose Carlos 59th minute, Dirceu Lopes 62nd minute. Victoria: Buljevic 86th minute.

Best players: Cruzeiro: Jose Carlos, Dirceu Lopes, Perfurmo. Victoria: Bourne, Pye, Buljevic.

Teams: VICTORIA (4-3-3): Milsavljovic, Pye, Irvine, Walker, Lopatic (77th), Maitland, Gardiner (Wallace 59th), Bourne, Zoraja (Micevski 64th), Armstrong, Buljevic.

CRUZEIRO (4-2-4): Raul, Pedro Paulo, Perfurmo, Dario (Mizael 67th), Vanderley, Dirceu Alves, Jose Carlos, Jordinho, Lopes, Eduardo, Roberto, Dirceu Lopes, Lima (Balamo 78th).

Beauty contest at UK Settlers ball

Five girls will be competing for the title of Miss United Kingdom Settlers Association South Western Branch at the society's annual ball in the Williamstown Town Hall.

The ball will be held on Saturday, August 4, beginning with sherries at 6 p.m.

The winner will automatically enter into the grand final which will be held in September at the Camberwell Civic Centre.

Judges for the Miss UKSA will be Cr. and Mrs. Max Robertson.

Free draw for the '250 Club' will take place. First prize is a trip to the UK for two, plus \$200 spending money or \$1600 cash.

Four other cash prizes are also in this draw.

The '250 Club' is not connected to the UKSA, but it donates its profits to the UKSA, south western

branch for the start of a building fund.

Members of this club are asked to bring their '250' membership tickets to the ball.

A 'Belle of the Ball' will be chosen. There will be a three-course meal, dancing to 'The New Experience', spot prizes galore, special effort prizes and giveaways.

Tickets are \$5 single, BYO.

Interested people could contact the following committee members nearest to their suburb.

Fastest of its kind

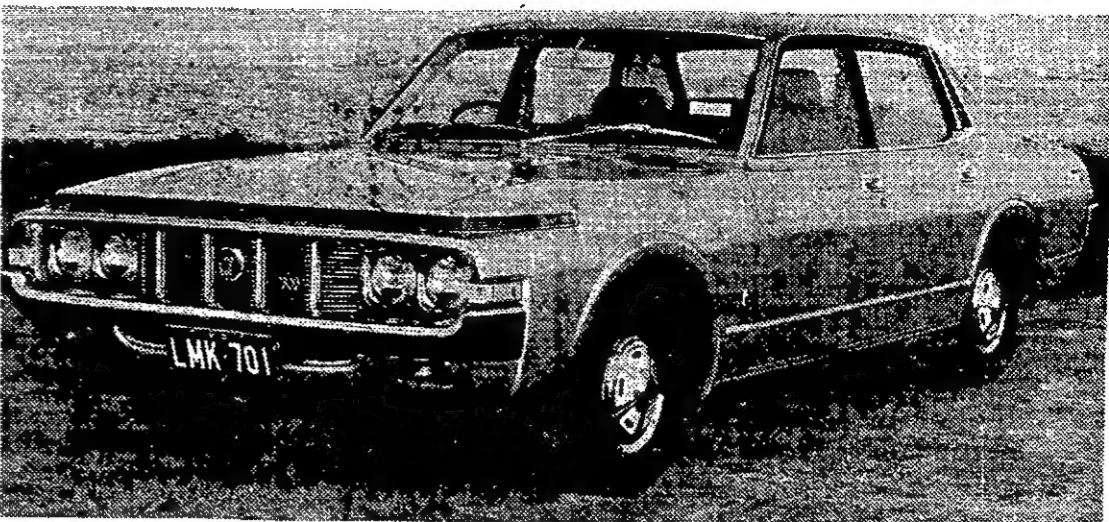

A motorcycle, claimed to be the fastest of its kind in the world, will make its Australian debut at Sandown on July 8.

It is a works four-cylinder 750cc Honda which has been specially prepared in Japan and will be ridden by Sydney's Tony Hatton.

Hatton will race in the fourth round of the unlimited class in the series for the Australian motorcycle Grand Prix championship. The Sandown meeting has drawn 433 entries for the solos and 50 for sidecars, making it the biggest two-wheel race event of the year.

Racing at Sandown begins at 11.30 a.m. and there will be 19 events for motorcycles and cars.

MODIFIED; IMPROVED

A series of modifications and improvements has been incorporated in the new Toyota Crown, released by Australian Motor Industries.

Outwardly, the changes are obvious. Remodelling of the front has produced a crisper, more refreshing appearance and, at the back, the same effect has been achieved by re-sculpturing the rear wing and boot area to blend front and rear styling.

Inside, changes have been made to the dashboard layout to improve the already good ergonomics (the science of fitting machines to their operators) so that driver distraction is reduced to a minimum.

The central fresh-air outlets have been moved to a more convenient position

which gives increased directional control.

Provision for full air conditioning is built into the Crown, as with all current Toyotas.

An electrically heated rear window is added to the standard features, which include radio and heater.

The Crown has a strong peripheral frame so the normal body strength is supplemented by that of the chassis, giving rigidity which dampens road and engine tremors to limousine standards and improved handling.

Steering, braking and roadholding have been also improved by the provision of radial ply

tyres as standard equipment. The 2.6 litre six-cylinder engine has had its output raised to 150 bhp at 5400 rpm from the previous 140, by better cylinder head and manifold gas flow.

The compression ratio remains at a tractable 8.5:1.

Torque is also improved by 12 ft/lb (now 164 at 3800 rpm) thus giving even better acceleration and cutting the frequency of gear changing.

Other engine improvements include chrome-alloy steel for the valve gear, for longer life and reduced frequency of adjustment, and considerable care

has been taken with the crankshaft balancing, eight weights being used in place of the previous four.

For those who can't read

Illiteracy is more widespread than it is generally known.

Considering the number of children who have difficulties in learning to read and write (now known as Dyslexia), it is obvious that there must be at least the equivalent number of adults suffering from the same problem.

These adults must experience a great deal of anxiety because of the stigma that goes with being illiterate.

In fact, it has now been discovered, that a large percentage of people who have been termed "dyslexic" are of above average intelligence.

The word "Dyslexia", literally means "unable to read". Obviously someone who cannot read is going to suffer problems with learning to write and spell.

This situation is far more widespread than is realised.

Dyslexics would not be able to read this article.

If readers know of anyone who may be suffering from this handicap, perhaps a member of their families or friends, they could tell them that sym-

pathetic assistance is available.

If a dyslexic is hesitant about asking for help, you could ring on his behalf and further information would be given.

Interested people could ring 397 6909 or 391 2854. All inquiries will be treated with the strictest confidence and callers may remain anonymous if they prefer.

New record, says Firth

Holden dealer team boss Harry Firth is predicting a new sports sedan record at Sandown on July 8 — for his car.

Peter Brock will drive the HDT Torana — nicknamed The Beast — in the third round of the \$10,000 Toby Lee series against top sports sedan hotshots Allan Moffat, Bob Jane, John Harvey and Bryan Thomson.

The Sandown record is held by Moffat in his red Trans-Am Mustang with a lap time of 72.6 sec. — 95.6 miles per hour.

Firth's Beast, which is

powered by a 500-horsepower Formula 5000 Repco-Holden V8, made its debut at Sandown earlier this year and although it only lasted four laps it immediately became the hottest topic in motor racing.

If Brock can manage 69.4 sec., he will make history as the first driver of a saloon car to equal 100 miles per hour for a lap at Sandown.

Maldon centenary

Maldon will celebrate its centenary celebrations at the primary school on September 15 and 16.

And all past teachers and pupils of the school are invited to attend the function which will start at 2 p.m. on September 15.

Past teachers and pupils who wish to attend or who can provide old school photographs are asked to contact the secretary, Miss Beryl

McGregor, "Glen Isla", RSD, Maldon 3463 or Mr. C. Gibson, Main Street, Maldon.

Maldon, about 100 miles northwest of Melbourne, through Kyneton and Castlemaine, is one of Victoria's oldest towns.

Formed in the gold rush boom days, the entire town has been classified by the National Trust for preservation.

STUDENTS GUIDE TO STUDY

A special guide to study for secondary students is the subject of a 4-page lift-out to be published in "The Age" next Monday.

It will be helpful to students doing either internal or external exams.

Compiled by "The Age" Education editor, it is a guide to learning methods generally, as well as how to prepare for exams.

Psychologists, teachers and lecturers contribute articles on individual study methods, the elementary psychology of learning, how to work and learn in groups (group study).

There is also an article for anxious parents offering advice on how to assist and co-operate with their children during periods of learning and study for examinations.

Free with "The Age", this guide to study will be most helpful to students, teachers and parents.

And on television this week, two Melbourne students who visited Germany on a student exchange basis, give their impressions of living and learning in that country.

Full details appear in "The Age" TV/Radio guide this Thursday.

The guide also has details of the direct TV coverage of the men's and women's finals at Wimbledon, and a documentary retracing the lost world of the Mayas — the ancient Central American civilisation. In addition to a complete listing of Radio and Television programs, "The Age" guide talks about new series, and has interviews with personalities including Mavis Bramston and Mike Walsh.

Printed and published by George David Gilmore, of 22 Codrington Street, Sandringham, for David Syme & Co. Limited, Head Office, 250 Spencer Street, Melbourne, 60 0421.

Trophy for swimmers

Altona Primary School was host to swimming champions from Altona District Schools, last week.

Swimmers from Altona district schools were presented with the championship cup at Keilor Baths. The cup was donated by Olympic Tyres at Altona North Primary School on Thursday.

The schools won the best swimming district award for the Northern and Western Suburbs. This cup will be held in the district until March next year.

All grades at the school have planted a tree each in the grounds to commemorate 100 years of state education in Victoria. The principal, Mr. J. Crawford would like to thank Altona Council for planting trees on the nature strip in Upton Street, and Railway Avenue adjacent to the school.

COL PAIGE FORD ... Guide to Buying a Good Used Car

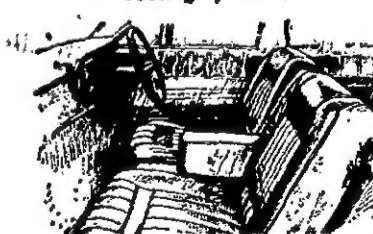

It's Important for you to know you're getting the best car at the best price, so follow Col's switched-on guide to buying a good used car.

BODY WORK & TYRES
Inspect bodywork for obvious defects in panels, look for rust. Ensure doors close smoothly and lock securely, headlights, parking and stop lights work effectively. Turn indicators in working order? Look for unevenly worn tyres.

UNDER THE BONNET
Test the engine for starting, smooth idling, undue exhaust, is the engine clean, no oil leaks. Listen for excessive noise. Test drive to check acceleration and power. Clutch, gears, steering and braking, electrical and cooling systems.

INTERIOR
Check floor, ceiling for cleanliness and condition, seating for upholstery springs. Check steering, accelerator and brake pedals, sun visors, dash panel, speedo, fuel gauge, etc.

Selling for less is not something we say it's something we do
